

MR929-956

Serial Number: 10/775,066

Reply to Office Action dated 10 August 2005

REMARKS

This case has been carefully reviewed and analyzed in view of the Office Action dated 10 August 2005. Responsive to the Office Action, Claims 1 - 3, 5 and 6 have been amended to clarify the language thereof.

In the Office Action, the Examiner objected to the Specification due to informalities found therein. Accordingly, the Specification has been amended to correct the informalities kindly noted by the Examiner. No new matter has been added by these changes.

In the Office Action, the Examiner objected to Claims 1 - 6 due to informalities in Claims 1 and 2 and rejected Claims 1 - 6 under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention. The Examiner indicated problems in each of Claims 1, 2, 3, 5, and 6. However, the Examiner kindly indicated that the Claims would be allowable if rewritten to overcome the 35 U.S.C. § 112, second paragraph.

Accordingly, Claims 1 - 3, 5 and 6 have been amended to correct the informalities and antecedent basis problems and provide the necessary clarification thereto. It is now believed that the claims particularly point out and distinctly claim the subject matter that the Applicants regard as the invention.
